I am a Motion graphics designer with a passion for my work. I am bilingual in English and Thai and have UK and Thai citizenship.

In 2006 I graduated with a BA (second class honours) in Fine and Applied Arts, majoring in Computer Art (Motion Graphics)

Then became a designer in a post-production company. Doing visual key frames, corporate-identity design to 2D-motion graphics and compositing.

Now I'm freelancing based in London, UK.
